

**OFFICIAL SUMMARY PROCEEDINGS OF THE BOARD OF  
COUNTY COMMISSIONERS, TETON COUNTY, WYOMING**

The Teton County Board of Commissioners met in regular session on **March 20, 2020** in the Commissioners Chambers located at 200 S. Willow in Jackson. The meeting was called to order at 2:03pm.

Commission present: Natalia Macker Chair, Mark Barron, Mark Newcomb, and Luther Propst were present. Greg Epstein Vice-Chair was present via phone.

**ADOPT AGENDA**

A motion was made by Commissioner Barron and seconded by Commissioner Propst to adopt the agenda with the following changes:

**TO ADD:** Action Item 1A – Consideration of Approval of the Update of the Emergency Paid Leave COVID-19 Policy

Chair Macker called for a vote. The vote showed all in favor and the motion carried.

**PUBLIC COMMENT**

There was no public comment.

**ACTION ITEMS**

1. Consideration of Payment of County Vouchers

A motion was made by Commissioner Propst and seconded by Commissioner Barron to approve the March 20, 2020 county voucher run in the amount of \$1,123,298.89. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

- 1A. Consideration of Approval of the Update of the Emergency Paid Leave COVID-19 Policy

Alyssa Watkins, Board of County Commissioners Administrator, presented to the Board for consideration of an update on the closure of county offices and facilities to the public. "The closure of offices or facilities is authorized at the discretion of the associated elected official or department director so long as provisions are in place to continue to provide timely service to the public, such as through "curbside" or electronic means."

Keith Gingery, Deputy County Attorney, Sherry Daigle, County Clerk, Katie Smits, County Treasurer, Chris Neubecker, Director of Planning and Building, Alyssa Watkins, BCC Administrator, commented on the lockdown of the county buildings, including the Administration building.

A motion was made by Commissioner Barron and seconded by Commissioner Newcomb to approve locking the doors for ten business days starting on Monday, March 23, 2020 and then re-evaluate with each Department Head allowing people in based upon an appointment or a call.

The motion is referring only to the Administration Building.

Chair Macker called for a vote. The vote showed all in favor and the motion carried.

Discussion of a lockdown of the buildings under the purview of the County Commissioners, including the Fair, Health Department, Hansen Courthouse, Old Library, EOC, General Services, Fire Station, Law Library, Recycling Center, and Trash & Transfer Station.

A motion was made by Commissioner Barron and seconded by Commissioner Newcomb to approve the Health Department, General Services Building, Hansen Courthouse and Victim Services, Old Library, Fire Station, Recycling Center and Trash & Transfer Station be locked for ten days starting Monday. Each Department Head can make their decisions on how to service any calls. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

Matt Carr, County Sheriff, Anne Sutton, Clerk of District Court, and Keith Gingery, Deputy County Attorney, commented on the lockdown of the County Courthouse building.

A motion was made by Commissioner Barron and seconded by Commissioner Newcomb to proceed with locking the Courthouse doors provided that staff has the ability to make appointments with cases as needed and to invite them in one at a time to resolve the case for ten days. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

Julianne Fries, Director of Human Resources, presented to the Board an update to the Emergency Paid Leave COVID-19 Policy. Changes include a one-time single allotment of the Emergency Paid Leave, expands to allowing care for immediate family members, may telecommute from home if work is available, employees at high-risk must be advised or ordered by a physician will be provided with Paid Emergency Leave, unable to work due to school or daycare closure will be provided with Paid Emergency Leave, Involuntary Emergency Leave Provision, employee unable to work because the department or office was closed, may lose hours because a partial reduction in hours related to COVID-19

There was no public comment.

A motion was made by Commissioner Barron and seconded by Commissioner Propst to accept the proposed edits and changes to the Emergency Paid Leave COVID-19 policy as presented with the effective date of Monday, March 23, 2020. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

Ms. Fries advised the Board regarding the Health Care Plan and COVID-19 coverage.

The meeting was recessed at 2:51pm and reconvened at 2:56pm.

2. Consideration of Approval of a Resolution Authorizing Commissioners to Sign Closing Documents

Keith Gingery, Deputy County Attorney, presented to the Board for consideration of approval a resolution authorizing Commissioners to sign closing documents for the purchase of 755 East Hansen Avenue, Unit 102.

There was no public comment.

A motion was made by Commissioner Barron and seconded by Commissioner Propst to approve the Resolution giving authority for any of the 5 County Commissioners to sign closing documents regarding the purchase of 755 E. Hansen Avenue, Unit 102, Jackson, Wyoming. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

RESOLUTION #20-012  
TETON COUNTY, WYOMING

(Authority to Sign Closing Documents Regarding Purchase of 755 E. Hansen Ave., Unit 102, Jackson, Wyoming)

**WHEREAS**, the Teton County Board of County Commissioners have entered into a Buy/Sell Agreement with Elizabeth E. Gray, as Trustee of the Elizabeth E. Gray Revocable Trust U/A/D January 15, 2008, as amended, the seller to purchase real and personal property located at 755 E. Hansen Ave., Unit 102, Jackson, Wyoming; and

**WHEREAS**, closing for the property is scheduled for April 9, 2020.

**THEREFORE IT IS HEREBY RESOLVED,**

All five (5) of the elected county commissioners of the Teton County Board of County Commissioners are authorized to sign any and all closing documents to effectuate the purchase of 755 E. Hansen Ave., Unit 102, Jackson, Wyoming, on behalf of Teton County, specifically, Natalia D. Macker, Greg Epstein, Mark Newcomb, Mark Barron, and Luther Propst. It is anticipated that the Chairwoman, Natalia D. Macker, shall be available on the date of closing to sign all necessary documents, but in case she is unavailable any of the other county commissioners may sign on behalf of Teton County.

**IT IS FURTHER RESOLVED,**

That any and all signatures of a county commissioner must be attested to by the County Clerk, Sherry Daigle, through an attestation.

Dated this 20th day of March, 2020

**TETON COUNTY BOARD OF COUNTY COMMISSIONERS**

Natalia D. Macker, Chairwoman

Attest: Sherry L. Daigle, Teton County Clerk

3. Consideration of Approval of Electrical Engineering Services for the County IT Data Room

Sarah Mann, Director of General Services, presented to the Board for consideration of approval a contract for electrical engineering services for a new County IT Data Center Room.

There is no public comment.

A motion was made by Commissioner Barron and seconded by Commissioner Propst to approve the contract for electrical engineering services to A. Musgrove in the amount of \$1,800.00. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

**DISCUSSION ITEMS**

1. Known Matters for Discussion

A. Budget Analysis Direction

The Board and staff discussed projected, possibly reduced revenue.

2. Other Matters for Discussion

A. Chairwoman Macker brought up discussion of a letter in tandem with Town of Jackson and Health Officials to Grand Teton National Park and Yellowstone National Park.

B. Commissioner Newcomb brought up discussion of improving coordination and guidance at a regional level of the economic impacts of the Coronavirus, requesting to send a letter to Governor Gordon and the Wyoming congressional delegation. The need for more comprehensive emergency coordination is on a regional level.

**EXECUTIVE SESSION**

A motion was made by Commissioner Barron and seconded by Commissioner Newcomb to enter executive session pursuant to W.S. §16-4-405(a)(vii) to consider the selection of a site or the purchase of real estate when the publicity regarding the consideration would cause a likelihood of an increase in price. Chair Macker called for the vote. The vote showed all in favor and the motion carried. They entered executive session at 3:20pm.

Commission present: Natalia Macker Chair, Greg Epstein Vice-Chair (via phone), Mark Barron, Mark Newcomb, and Luther Propst.

Staff: Keith Gingery, Alyssa Watkins, Sherry Daigle and April Norton (via phone).

At 3:30pm, a motion was made by Commissioner Barron and seconded by Commissioner Newcomb to adjourn from executive session. Chair Macker called for a vote. The vote showed all in favor and the motion carried.

No action was taken.

A motion was made by Commissioner Barron and seconded by Commissioner Epstein to direct staff as discussed in executive session. Chair Macker called for a vote. The vote showed all in favor and the motion carried 4-0 with Commissioner Propst absent.

**WORKSHOPS**

BUILD Grant Workshop

Alyssa Watkins, BCC Administrator, addressed the Board regarding the BUILD Grant. This workshop is to share

staff's perspective on the proposed BUILD grant opportunity. Heather Overholser, Director of Public Works, addressed the Board regarding staff concerns.

Staff's concerns broadly regarding a 2020 submission are as follows:

- Concerns that the majority of the projects proposed are not far enough along from a readiness standpoint to be viable. Specifically, viable projects require a well-defined scope and project components with details, including enough design work to know an estimated cost, potential fatal flaws, project timeline, environmental impacts that will need to be mitigated, and enough financial information to be able to produce both project narrative and benefit cost analyses for each; details which are largely unavailable for the proposed projects.
- Concerns about the lack of conversation and coordination to date among what would be the partners on the project. Specifically, no depth of discussion has occurred between Town staff, County staff, and WYDOT, nor between Town/County staff and Teton County, ID, City of Driggs, and City of Victor staff.
- Concerns that the fiscal investment required to produce an application may not, at this time, be the most reasonable use of taxpayer funds.
- Concerns about staff time required, even with a depth of outside support. Given the myriad of competing interests right now, including the pandemic facing our community, the nation and the world, staff believes time and attention is needed elsewhere.
- Concerns that an unsuccessful 2020 application could negatively impact Teton County's chances of success in future rounds of grant application(s).

Brian Schilling, Pathways and Trails Program Coordinator, addressed the Board regarding the grant process and the level of complexity for the grant application. He feels that political support from our congressional delegation should be in place before submitting an application. He would also like to know what the expectations for county staff are.

Darren Brugmann, START Director, addressed the Board regarding previous applications to BUILD (TIGER) grants.

Steve Ashworth, Director of Parks & Recreation, addressed the Board regarding the Stilson project.

Bob Hammond, Wyoming Department of Transportation, addressed the Wilson Fish Creek Bridge project.

There are 6 projects listed as a part of Mr. Young's proposal. They are listed here, along with staff's primary concerns:

- Stilson Transit Center Improvements – The plan proposed for funding is that produced by JHMR on March 6th, 2020 and purely conceptual in nature. As compared with the 2015 plan, the 2020 plan reduces softball field space by 67%, lacrosse field space by 100%, and total effective field space by 56%. The plan eliminates recycling from the site. The plan increases the travel distance required by transit, which will drive a corresponding increase in operational costs (time, fuel, etc.) and a decrease in START's efficiency. The circulation and configuration of the site as depicted raises safety concerns. The transit center as illustrated in the proposed concept plan may serve the community as a park-and-ride in the summer but will not in the winter. JHMR has stated that during the winter season, the lot is intended to serve only the JHMR-related transit needs required to satisfy the resort's TDM requirements. Approval of the grant based on the submission of this plan obligates us to the plan as drafted, which does not meet the needs of Parks and Recreation, ISWR, or START. Wilson Fish Creek Bridge Replacement – There has been almost no conversation with WYDOT about including this project in a grant submission by the County. The bridge is owned and maintained by WYDOT. Teton County has no legal relationship to this bridge. This project will require significant planning and is subject to a depth of unknowns due to the historic classification of the structure. No planning has been done. This project is not on the STIP and WYDOT reports that it is in fair condition, thus is not on their list to be replaced or repaired at this time. WYDOT's approval and support of this application item would be required.
- Wilson Downtown Corridor Improvements – The process of drafting a plan to determine the future of this corridor began early this year, with the first public open house on March 10th. The grant submission is due well before even the roughest of drafts of this plan will exist.
- Teton Pass Trail from Trail Creek to Coal Creek – This is the most advanced of all of the proposals from a readiness standpoint. NEPA has been conducted for the project and has USFS approval; however, preliminary design work has just begun.
- Victor Main Street Improvements – This project is related to pedestrian streetscape and pedestrian crossings. There are conceptual plans and cross sections that have been approved by the Victor City Council. There are not any engineered construction drawings. The City of Victor is not interested in being the lead applicant on a grant application and as of 3/18 staff had not yet approached the Council to discuss the grant opportunity. While staff noted they would support the County's timing on an application (current or future), they expressed concern about the City's ability to participate as a fiscal partner.
- Driggs Transit and Transportation Facilities – Phase 1 of this project was constructed in 2017. Phase 2 has NEPA approval, preliminary design for parking and architectural designs for an additional bathroom. The City of Driggs recently applied for a \$400,000 Idaho Transportation Department grant to fund this project and will not know the results of their application until after the May 18 BUILD grant submission date. City of Driggs staff relayed that their financial capacity to contribute toward the application costs may not exist. They Driggs City Council plans to meet on March 24 to discuss, but they are anticipating that their local sales tax will drop by approximately 75%, making it even more difficult to contribute.

Other considerations:

- With COVID-19, staff capacity over the next two months is unknown; there will be other demands and there will be illness.
- WYDOT is likely to submit at least one application on their own for a project or projects in another Wyoming location. - No coordination with WYDOT has occurred; ideally they would be a co-sponsor of the application.
- NEPA should be complete, underway, or, at the very least, well defined prior to application submittal. The only projects for which this is true are the Teton Pass Trail and the Driggs Transit and Transportation Facility.

- Two months could be adequate for grant application preparation if the proposed projects were further along; in this case, significant planning on multiple projects would need to occur prior to completing the application, which would require substantial staff and specific project consultant time, even with a consultant preparing the application.

- Funding awards are frequently partial in nature. In the unlikely chance that the application was awarded funding, we'd likely receive less than the full \$25 million requested but would still (if we accepted any funds) be obligated to build all of the projects identified on the grant application, regardless of cost.

- BUILD grants have been awarded every year since 2009 (originally as TIGER grants) and there is every reason to believe they will continue to be available to local governments in future years. Staff also believes there is a good chance that the current national pandemic and associated tumult will drive additional, substantial stimulus packages including transportation and infrastructure funding.

- Town and County staff have worked together to submit 12 TIGER/BUILD grant applications over approximately that many years. Applications submittals are followed by a debriefing with DOT. This depth of experience and knowledge informs staff's position as to the viability of a grant application this round.

- An analysis of the past few years of BUILD grants suggests they are heavily highway/state DOT focused.

- Legal questions exist as to whether a county in one state can submit an application on behalf of a county in another state and also as to whether, if there is a match required, Teton County, Wyoming can spend funds to benefit out of state citizens.

Tim Young, Wyoming Pathways, presented to the Board grant background and requirements, required approvals and assessment of project risks, proposal for BUILD Teton Communities Grant connecting Teton County JHMR Stilson Transit Center with Driggs, Idaho. The request is made for Teton County, WY to be the lead applicant. The proposed BUILD budget is \$25 million.

Mary Kate Buckley, Jackson Hole Mountain Resort, addressed the Board regarding support of the application for the federal Build Grant that is due on May 18<sup>th</sup>. We recognize that the Build Grant would fund investment in solutions that would address many of our communities' transportation challenges. Additionally, access to federal funding to invest in construction of transportation solutions will provide employment for our local workforce in the coming years.

- JHMR has already taken the step to procure land in order to facilitate a scenic preserve swap that would create more developable land in Stilson while preserving land under conservation. The Stilson Master Plan map that is currently being circulated was developed solely by JHMR with the objective of identifying the parcel of land that would be submitted in our land swap application.
- JHMR commits to facilitating the transfer of the necessary land from private to public in order to satisfy the Build grant's requirement.
- JHMR recognizes that many of the stakeholders who will be asked to contribute to the cost of the Alta Planning contract are public entities who will likely need time to confirm the availability of public funds. With the objective of contracting Alta Planning to start the project without further delay, JHMR commits to signing the contract with Alta Planning and bearing responsibility for the cost with the understanding that the other stakeholders will make best efforts to identify and contribute their representative share in bearing the costs, the allocation of which will be confirmed.

Mr. Young continued his presentation outlining the six project components, cost estimates, addressed staff concerns, methods to meet the grant deadline, timing of applying at this time, and partners willing to participate.

Jared Smith addressed the Board regarding support of applying for the grant.

#### **MATTERS FROM COMMISSIONERS**

##### **A. Letters to Grand Teton National Park, Yellowstone National Park, and Bridger Teton National Forest**

There was discussion of a letter to each of these entities expressing concerns regarding the operation of Grand Teton National Park and Yellowstone National Parks during the COVID-19 pandemic that has led to a declaration of National Emergency.

A motion was made by Commissioner Newcomb and seconded by Commissioner Barron to approve the sending of a joint letter to Grand Teton National Park and Yellowstone National Park together with our District Health Officer and the Teton County Public Health Director's approval and recommendation and recognizing the concerns we have about traffic and tourism and park visitation and its impacts because of the COVID-19 crisis and an opening sentence recognizing the benefits of the partnerships we have with these entities. Chair Macker called for the vote. The vote showed all in favor and the motion carried.

#### **ADJOURN**

A motion was made by Commissioner Barron and seconded by Commissioner Propst to adjourn. Chair Macker called for the vote. The vote showed all in favor and the motion carried. The meeting adjourned at 5:10pm.

Respectfully submitted,  
Shelley Fairbanks  
Deputy County Clerk
