 Phone 307-732-8490
 Fax 307-732-8491
tetoncountywy.gov/health

This is a fast-paced class geared for those who have read the entire handbook prior to the class. You must read the handbook, do the homework and become familiar with the calculations presented in the handbook before the class to increase your odds of completing certification.

Individuals must attend both days unless proof of Primer Course is Provided.

You will need: Calculator (not on a cell phone), water chemistry test kit, pens, pencils, highlighters (sticky notes also very helpful) and a Picture ID.

Questions about the certification and preparation?

Please contact Sara Budge – sara.budge@wyo.gov

Questions about payment or registration?

Please contact Kat Bratz – kat.bratz@wyo.gov

Attendees must receive the upper part of this form as early as possible.
Please bring this sheet to class.

Complete the lower part of this form and return with payment to Environmental health. Please make non-refundable check payable to **Teton County Health Department**.

Class space is limited to 20 people.
